

# 36th Annual Alabama Coastal Cleanup at Dog River Park

**Saturday, September 16, 9:00 AM-11:00 AM**

The Alabama Coastal Cleanup is a statewide volunteer program that sponsors an annual day of removing trash from coastlines and rivers.

Participants pick up litter and debris throughout the Dog River watershed

Check in at Dog River Park at 9:00 AM, 2459 Dog River Dr. Grab your gear and get to work removing trash from the Dog River watershed! Tackle a land based site of your choosing, or do your own shoreline cleanup by boat, kayak, or SUP.

Download the **CLEAN SWELL** app for tracking your collection totals. Trash bags, grabbers, and gloves provided. Wear sunscreen, hat, closed toe shoes, long pants, and bug spray. Then around 11:00 AM, drop off your collection haul at Dog River Park and you'll receive a t-shirt, water, and lunch for your efforts.

Great opportunity for students to earn community service hours for a good cause!
